EDUCATION

B. TECH	2021-2025	Krishna Engineering College, Ghaziabad	7.89
CBSE (Class XII)	2021	CKSD Public School, Baraut	86%
CBSE (Class X)	2019	CKSD Public School, Baraut	87%

INTERNSHIPS

Front-End Developer Intern, *IBM SkillsBuild*, Remote | CERTIFICATE   **June 24' – August 24'**

- Developed **ClimateVerse**, a web app to calculate carbon footprint, AQI, and tree plantation needs.
- Gained hands-on experience in **HTML, CSS, and JavaScript** for dynamic web development.
- Used **Figma** to design intuitive, user-friendly interfaces and streamline UI/UX workflows.
- Implemented real-time data processing for accurate environmental insights.
- Optimized frontend performance for faster load times and seamless user experience.
- Applied responsive design principles for **mobile-first** compatibility.
- Collaborated remotely with a team to ensure project alignment and on-time delivery.
- Enhanced problem-solving skills by debugging and refining code during the project.

PROJECTS

1. **Portfolio Website using Front – End Development | LINK**
   - Designed and developed a responsive portfolio website showcasing projects and skills using HTML, CSS, and JavaScript.
   - Ensured cross-browser compatibility and optimized performance for faster load times.
   - Implemented SEO best practices to increase visibility and engagement.

2. **ClimateVerse using Front – End Development and FIGMA for UI/UX | LINK**
   - ClimateVerse is a web app that calculates carbon footprint, tracks AQI, and suggests tree plantation requirements based on user data like energy use and travel habits.
   - It integrates real-time environmental data using APIs and provides personalized insights to promote eco-friendly living.
   - The app is built with HTML, CSS, and JavaScript, featuring an intuitive design created with Figma for a seamless user experience.

3. **Amazon Clone | LINK**
   - Developed an Amazon clone using HTML, CSS, and JavaScript to replicate the UI.
   - Implemented product listings, search functionality, and a responsive layout.
   - Practiced frontend design for building interactive and user-friendly e-commerce pages.

4. **Notes App | LINK**
   - Developed a Notes App with features for creating and editing notes using an interactive UI.
   - Implemented functionality to make notes editable directly within the app for a seamless user experience.
   - Integrated design elements like buttons and icons for an intuitive and visually appealing interface.

LICENCE AND CERTIFICATIONS

- Data Analytics | COURSERA | CERTIFICATE
- HTML AND CSS | UDEMY | CERTIFICATE
- PYTHON Programming | UDEMY | CERTIFICATE

SKILLS

• Java	• JavaScript	• Bootstrap
• Python	• MySQL	• Google Collab
• C	• React.js	• Interpersonal Skills
• HTML5	• VS Code	• Team Spirit
• CSS3	• GitHub	• Time Management
